The first standard children are learning about jobs – they asked Omana whether she is the school peon, since she rings the bell at times!!! But then, all of us do – there is no division of labour here, unfortunately!!!! Miriam was a bit confused, since she brought her entire class to the office, pointed out to yours truly and explained to her classmates in her booming, confident voice, " She is the Principal. The Principal is the head of the school". Sorry, Miriam, Mrs. Menon is the Principal....

The school photos were taken on Friday and will be available at the school office. Please make your bookings before the 21st of Feb, so that we can give them to the children. Within half an hour of taking the pictures, Jacoby (Grade 1) had already asked us twice whether the pictures were ready. Assuming he would come to the office an average times in a day to ask us, that is going to be an incredible amount of pressure from the children – so, Omana has requested that the pictures be booked really quickly!!!

Keerthi Suresh (Grade 6) and Anupama (Grade 7) are planning a year-end party. They are the main organisers and will be doing all the planning and implementing. Parents can expect calls from them as to your roles / contributions.

Arshiya and Hansika also seem to be planning something for Easter because they have been busy making decorations during the breaks. We have left it to them to figure out how to celebrate Easter.

Tests are going on this month and the next month. Please make sure your kids open their books and study – nothing more. Class teachers are doing revision with them before the tests, but if the children put in some effort, they would be able to do well. As previously mentioned, children who do not pass all subjects will NOT be promoted.

Apologies for the miscalculated fines – blame it on the over-enthusiastic accounting section. Please however make sure your payments come on schedule and those paying tuition fees monthly should remember on their own and not expect us to call every month and remind them.

Those parents who are leaving in March on holiday are requested to make fee payments for April and May before they leave. Others can make payments for May along with the April payment.

The children were taken to Sherston Educational Software last Saturday – they had such a good time, that there were suggestions that we make it a weekly affair – am not sure if Sherston will share the same feelings!!! The children tried out their educational programmes and were given participation certificates.

It's not that children have not been contributing to the newsletter, but the scanning machine has been acting up. Once that is rectified, we will be putting out their work. Until then, please bear with us.
